SOURCE

Richard SCHUELLER, chief editor of the Communist newspaper Neue Leit,
in LINZ-URF/MR, stated at a staff conference on 21 December 1949
that the areas of main effort of the Communist Party in Europe are still
Italy and France. No one should left himself to be deceived or discouraged
by the relative calm in these countries. Austria, which is fascistinfected, would be conquered indirectly, should direct measures not succeed. Switzerland would suffer the same fate.
